THE WINNING STREAK AT ROYAL PLAZA ON SCOTTS

SINGAPORE – With the Singapore Grand Prix upon us, and excitement building towards the high octane race and the surrounding fringe performances, Royal Plaza on Scotts celebrates the annual keystone event with *The Winning Streak* – a life-sized model of a competitive race car constructed out of mahjong tiles!

The team at Royal Plaza on Scotts, led by Executive Chef Darren Ong, spent over 360 hours designing and assembling the sculpture, which measures 4.4 metres by 1.9 metres and uses more than 16,000 tiles from over 100 mahjong sets. *The Winning Streak* has been certified in the Singapore Book of Records as 'Singapore's Largest Mahjong Tile Race Car Sculpture'.

Royal Plaza on Scotts has always celebrated each race season in Singapore with a creative interpretation of the race-car, assembled using various innovative materials ranging from plastic bottle-caps, coffee capsules, macarons, tin-cans and even seashells. The inspiration for this year's iteration lends a touch of local culture, and alludes to the skill and strategy a player needs to obtain a winning combination of tiles in the iconic game, much like the skills demanded of the competitive racers to manoeuvre their way to victory.

The Winning Streak will be on display at Royal Plaza on Scotts until 17 September 2023. In conjunction, the hotel is also giving away a 2D1N stay on their social pages to one lucky winner with the closest estimate to the total number of mahjong tiles used for the display.
